Independent Auditor's Report

To the Presbytery Board of Trustees The Presbytery of Detroit, Inc.

We have audited the accompanying statements of The Presbytery of Detroit, Inc. (a nonprofit organization) which comprise the statements of financial position as of December 31, 2013 and 2012 and the related statement of activities, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, except for the effects of the unrecorded net book value of capital assets, the depreciation expense and the related entities excluded from the consolidation report as in Note 1 to the financial statements, the financial statements referred to above present fairly, in all material respects, the financial position of The Presbytery of Detroit, Inc. as of December 31, 2013 and 2012 and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Other Matters

As more fully described in Note 6 to the financial statements, certain capital expenditures were not capitalized or depreciated as assets by The Presbytery of Detroit, Inc. Also, as discussed in Note 1, not all entities under the control of The Presbytery of Detroit are included. Accounting principles generally accepted in the United States of America require that such assets be capitalized and depreciated, and all entities are included in consolidated reporting. The effect of these departures from generally accepted accounting principles on financial position, results of operations, and cash flows has not been determined.

The accompanying additional information on page 14 is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements For the Years Ended December 31, 2013 and 2012

Note 1 - Nature of Operations and Significant Accounting Policies:

The Presbytery of Detroit, Inc. (the "Presbytery") is one of the presbyteries that comprise the Synod of the Covenant, which is a member of the Presbyterian Church (U.S.A.). The Presbytery consolidation policy is to include all entities under its common control. These consolidated financial statements include: the "Presbytery", and "Howell Conference and Nature Center". These consolidated financial statements exclude the following related entity: "The Presbytery Women". The effect on the consolidated report as of December 31, 2013 has not been determined.

In addition to starting and sustaining new churches in southeastern Michigan, the Presbytery provides program leadership and resources to help meet the educational needs of the churches and also participates in the operation of outdoor ministries (Howell Conference and Nature Center) in southeastern Michigan for use by church groups, school, businesses, and individuals. Funds are expended to develop and support ministries to meet the needs of people served by the Presbytery.

Significant accounting policies are as follows:

The financial statements of the Presbytery have been prepared on the accrual basis of accounting. The Presbytery records transactions based on the nature of the activity as unrestricted, temporarily restricted, or permanently restricted.

Unrestricted Assets - Unrestricted net assets of the Presbytery consist of general operations and programs. Unrestricted designated funds consist of amounts received or receivable that the Presbytery, Council, or Trustees have earmarked for a specific purpose. Unrestricted property and equipment consist of the Presbytery's investment in tangible property.

Gifts of cash or other assets that must be used to acquire long-lived assets initially are reported as restricted support. Absent donor stipulations about how long these long-lived assets must be maintained, the Presbytery reports expirations of donor restrictions when the acquired long-lived assets are placed in service.

Temporarily Restricted Assets - Temporarily restricted assets of the Presbytery consist of amounts received from donors who have specified the time and purpose for which the funds are to be spent. When a donor restriction is accomplished, temporarily restricted net assets are released to unrestricted net assets.

Permanently Restricted Assets - Permanently restricted assets of the Presbytery consist of amounts received from donors who have specified that the principal of the donation is to remain intact for investment purposes. Realized and unrealized gains on these assets are also permanently restricted. Annual earnings on these assets are released to unrestricted or temporarily restricted net assets.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses and changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash Equivalents – The Presbytery considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Functional Basis and Allocation – Indirect cost have been allocated between the program and support services based on activity-based costing methods. Although the methods of allocation used are considered appropriate other methods could be used that would produce different amounts.

Notes to Financial Statements For the Years Ended December 31, 2013 and 2012

Note 1 - Nature of Operations and Significant Accounting Policies: (Continued)

Concentration of Credit Risk Arising From Deposit – The Presbytery maintains cash balances with different banks. Accounts at each institution are insured by Federal Deposit Insurance Corporation (FDIC). The Presbytery evaluates the financial institutions with which it deposits funds; however, it may not be practical to insure all cash deposits.

Risks and Uncertainties – The Presbytery invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the balance sheet.

Notes Receivable and Payable - The Presbyterian Church (U.S.A.) makes loans to various churches within The Presbytery of Detroit, Inc.'s jurisdiction, and the Presbytery cosigns for these loans. Included in notes receivable balance from Presbytery churches is \$4,159,555 and \$3,305,459 at December 31, 2013 and 2012. Of this amount \$3,839,788 for December 31, 2013 and \$2,977,426 for December 31, 2012 is due on Presbyterian Church (U.S.A.) loans, and \$34,000 and \$34,000 for December 31, 2013 and 2012 is due on Synod of the Covenant loans. Principal and interest payments on these loans are made directly by the churches to the Presbyterian Church (U.S.A.), and include interest rates from 3 percent to 5 percent due at various maturity dates through 2021. Notes receivable are reviewed periodically throughout the year and assessed for collectibility. An allowance for doubtful accounts is set-up once a receivable collectibility is in doubt. The allowance (shown net) is \$36,423 for the year ended December 31, 2013 and \$55,310 as of December 31, 2012.

Other Receivables - This amount represents receivables from participants in the outdoor ministries program and other miscellaneous receivables. The outdoor ministries receivables are stated at their net invoice amounts. An allowance for doubtful accounts is established based on specific assessment of all invoices that remain unpaid following normal payment periods. All amounts deemed to be uncollectible are charged against the allowance for doubtful accounts in the period the determination is made.

Property, Building, and Equipment - Buildings, furniture and fixtures, and equipment are depreciated over their estimated useful lives using the straight-line method. Buildings are depreciated over a 20-year life and furniture and fixtures and equipment are depreciated over lives ranging from 3 to 10 years.

Investment Fees - The investment management fee is allocated pro rata between income and principal activity. The fee related to principal is paid by a reduction in trust principal. The fee related to income is allocated pro rata to the beneficiaries of the income.

Income Tax Status - The Presbytery is exempt from federal income tax under Section 501 (c) (3) of the Internal Revenue Code and did not conduct any unrelated business activities during the calendar year. Therefore, The Presbytery has no provision for federal income taxes in the accompanying financial statements.

Donated Property and Services – The Presbytery records donated property at its estimated market value only. Additionally, the Presbytery members provided volunteer services in many activities of the entity. These volunteers have a significant impact on making the ministry effective. However, the value of those services are not reflected herein inasmuch as the amount of services provided in indeterminable.

Notes to Financial Statements For the Years Ended December 31, 2013 and 2012

Note 1 - Nature of Operations and Significant Accounting Policies: (Continued)

Subsequent Events - The Presbytery management has evaluated events and transactions for potential recognition or disclosure through the date of the auditor's report July 21, 2014, which is the same date the financial statements were available to be issued. See Note 14 for Subsequent Event.

Pension Plan - Certain members of the Presbytery's staff are participants in a pension plan that is administered by the Board of Pensions, which is governed by the Presbyterian Church (U.S.A.). The Presbytery's contributions are calculated as a percentage of eligible wages and are funded as accrued. Pension expense was approximately \$14,372 and \$13,051 for the years ended December 31, 2013 and 2012. While contributions are based on fixed rates, federal laws impose certain contingent liabilities on contributors to multiemployer plans. In the event of withdrawal from the plan and under certain other conditions, a contributor to a multiemployer pension plan may be liable to the plan in accordance with formulas established by law.

Trustee Expenses – These expenses represent non-salaried expenses used to run the day-to-day operation of the Presbytery office.

Note 2 - Investment Loan Program

At December 31, 2013 and 2012, the Presbytery has \$524,566 and \$522,500 in a money market fund with the Presbytery Church (U.S.A.) Investment Program. Under this program, loans are made to churches for capital investments or improvements. The investments are available for allocation to reduce interest charged on loans to local churches participating in the program. Under, this program the Presbytery is required to maintain a balance of twenty-five percent (25%) of the outstanding balance in liquid assets. The Presbytery is contingently liable for the full amount of the loan outstanding should an individual church default on its loan and the proceeds from the liquidation of the collateral is insufficient to satisfy the outstanding balance. Periodic assessments are made to determine the exposure to the Presbytery for this contingency.

Notes to Financial Statements For the Years Ended December 31, 2013 and 2012

Note 3 - Fair Value Measurement (Continued)

The Presbytery adopted the Fair Value Measurements of its Investments. This accounting standard establishes a fair value hierarchy that measures the difference market participant assumptions developed based on market data obtained from sources independent of the Presbytery (observable inputs) and the reporting Presbytery's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The Fair Value measurement also include an adjustment for risk if market participants would include one in pricing the related asset or liability, even if the adjustment is difficult to determine. Fair Value further reports and discloses its results on one of the three levels:

Level 1 – Quoted market prices in an active market for the same assets or liabilities.

Level 2 – Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs that are not corroborated by market data.

The Presbytery holds investments in corporate stock and bonds, U.S. government obligations, and Money Market Securities. These investments are based upon quoted prices and determined to be Level 1's for the year ended December 31, 2013.

	Level 1	Level 2	Level 3	<u>Total</u>
Corporate Stock and bonds U.S. government obligations Money Market Securities	\$15,230,203 2,301,718 <u>274,835</u>	\$ 	\$ 	\$15,230,203 2,301,718 <u>274,835</u>
Totals	\$ <u>17,806,756</u>	\$ <u> </u>	\$ <u> </u>	\$ <u>17,806,756</u>

Note 4 – Advertising Costs

It is the policy of the Presbytery to expense advertising costs as incurred. Advertising costs for the ended December 31, 2013 was \$6,186.

Note 5 – Property, Buildings, and Equipment

Property, buildings, and equipment at December 31, 2013 and 2012 are comprised of the following:

Camp	<u>2013</u> \$3,007,799	<u>2012</u> \$2,971,225
Less accumulated depreciation	<u>2,105,937</u>	<u>2,023,308</u>
Net carrying amount	\$ <u>901,862</u>	\$ <u>947,917</u>

As further discussed in Note 6, certain capital expenditures are not recorded as assets by the Presbytery.

Note 6 – Depreciation of Assets

During 1989, Accounting Standards "Accounting For Depreciation of Assets" became effective for all not-forprofit organizations. This statement required the Presbytery to record as assets all capital expenditures since inception, and record depreciation charges each year over their estimated useful lives. Prior to 2010 the Presbytery recorded, as assets, all expenditures of a capital nature since 1983 and was recognizing their cost over the estimated useful lives through depreciation charges. In 2010 the Presbytery removed all of their assets from their books, the remaining properties reported reflects the Camp assets only.

Notes to Financial Statements For the Years Ending December 31, 2013 and 2012

Note 7 – Leases

The Presbytery rents its office facility from a member church under a thirty-six month lease commencing January 1, 2010 and expiring August 31, 2015. Rent expense, including costs of security, was \$38,646 for 2013 and \$36,791 for 2012. The Presbytery also leases photocopier equipment under an operating lease agreement expiring October, 2018. The lease expense for the year ended December 31, 2013 amounted to \$27,312.

Future minimum lease payments required under all of the leases are as follows:

Year Ending			Americant
<u>December 31,</u>			<u>Amount</u>
2014		\$	61,429
2015			63,284
2016			21,546
2017			21,546
2018			17,955
	Total	\$_	185,760

Note 8 – Net Assets (Endowment Funds)

As described in Notes 9 and 10, the Presbytery has temporarily and permanently restricted net assets. These funds are invested in a common account managed by Comerica Bank according to investment policies determined by the Presbytery. The primary objective of these policies is to outline the investment objective of the Presbytery so that a maximum total rate of return will be realized given a level of risk consistent with the preservation of capital and anticipated future cash flow requirements. This objective is accomplished utilizing a balanced strategy of equities, fixed income securities and cash equivalents in a mix which is conducive to participation in rising markets while allowing for adequate protection in falling markets. Certain investments commonly known as alternatives are generally not allowed in the portfolio.

All of the temporarily and permanently restricted net assets are restricted by the donor whereby only the income may be spent for the purpose stipulated by the donor. The principal of the permanently restricted fund may not be spent below its original amount. The Presbytery has also followed the guideline that the principal amount of the temporarily restricted fund may also not be spent below its original amount.

Expenditures from the funds are dictated by the donor for the stated purpose and amount. Amounts are determined based on the investment performance of the managed Comerica account.

A summary of the activity in the Comerica account for the years ended December 31, 2013 and 2012 is as follows:
